I am writing this letter as my endorsement of John Ross of NY Polygraph. I have used Mr. Ross for the past ten years on a variety of matters consisting of criminal investigations and actual criminal cases.

My office and I have used Mr. Ross on multiple homicide cases, larceny cases, sexual assault cases and assault cases. We find Mr. Ross to be extremely reliable, professional, thorough and accurate in all aspects of his services. Moreover, Mr. Ross is extremely confidential with all of his findings and reports and works very well following the directions of the attorney who hires his services.

I highly recommend John Ross as a polygraph examiner to assist in any type of criminal matters, investigations or other legal matters.

Very truly yours,
